Work Experience

Intern in CODTECH IT SOLUTION (online)

Sep - present

As a Front-End Developer Intern at CodeTech It Solution, I contributed to the development and enhancement of client-facing web applications. I worked closely with senior developers and designers to implement responsive and interactive user interfaces, gaining valuable experience in real-world development practices.

Projects

Currency Converter Project

Todo list Project

Health care services Single page web application

Ecommerce website: Right now working on it.
